2017-18 MPS Employee School Year Fee Schedule

(adopted March 2017; revised Sept 2017)

HOW IS MY TUITION DEDUCTION AMOUNT DETERMINED? Each enrollment category below has an annual amount. The annual amount is then divided into 18 equal deductions. The first deduction for the school year will take place the third Friday of August. The final deduction of the school year will occur on the third Friday of May. No deduction will occur on the third Friday in December. Every other month throughout the school year will have two deductions, regardless if the Kids Network program is closed or school is not in session. All school year deductions occur on the first and third Friday of the month. If for any reason the first or third Friday would occur on a holiday, the deduction will draft out of your account on the following Monday. Please remember that deduction amounts will differ if consolidation days, snow days, and/or late fee charges are scheduled to occur in addition to your regular tuition/deduction amount. *Your tuition is determined by the enrollment category for which you have registered your child/children. Tuition is based on enrollment, not attendance, or the number of days between deduction dates.*
